RE: January 2020 Financials

Discussion:

Total revenues are 25.1% over expectation. This is up 1.6% over December. The strongest revenues continue to be community development fees, recreation fees, and business occupation taxes. Business and occupation taxes went up by the largest percentage with a 16.9% increase from the December financials. January did have a few revenue categories that fell short of expectation; however, these still appear to be mainly timing related. Additionally, these are categories that comprise a smaller percentage of the overall revenues for the City.

January expenditures are 7.9% below expectation. This is an additional 3.4% drop from December reporting. Interfund amounts are not included in this amount. The interfund expenditure is the transfer from the general fund to the capital projects fund for current year budgeted projects. Finance anticipates making this transfer at the end of March. The timing of the transfer allows for further revenues to be collected and aligns with higher project spend months in the spring and summer.

The detailed financial analysis focuses on the revenues and expenditures of the general fund. Below is a synopsis of revenues for the other funds of the City year-to-date. Expenditures are not included as based on the nature of the funds the revenues are all restricted for specific expenditures. Also, the capital projects fund is not included as the only revenue source is the transfer from the general fund. The percentage of the year completed for these funds is 50% as we have only received amounts through December.

	Budget	YTD	% Collected
Hotel/Motel	\$ 1,212,121	\$ 550,148	45%
Motor Vehicle	\$ 100,000	\$ 47,923	48%
SPLOST	\$ 4,987,408	\$ 2,622,955	53%
