# Residential Building Fee Schedule

## For new/addition residential permits

The total cost for a Residential Building Permit Application is composed of the following parts:

- Administrative fee of \$50.00 to include either a Certificate of Occupancy (CO) or Certificate of Completion (CC)
- Building Permit fee calculated using ICC BVD table x .0065
- Plan Review fee equals 10% of calculated permit fee (minimum plan review fee is \$50.00)

All fees are due at permit issuance.

## For residential alterations/renovation/demo/other permits

The total cost for a Residential Building Permit Application is composed of the following parts:

- Administrative fee of \$50.00 to include either a Certificate of Occupancy (CO) or Certificate of Completion (CC)
- Building Permit fee is calculated by multiplying cost of construction x .0065
- Plan Review fee equals 10% of calculated permit fee (minimum plan review fee is \$50.00)

All fees are due at permit issuance.
