ITB 2026-006 2026 Resurfacing
Exhibit A: Scope of Work

PURPOSE, INTENT AND PROJECT DESCRIPTION

The City of Tucker (City), requests that interested parties submit formal electronic bids for patching, milling, and resurfacing of 29 streets. The complete scope, specifications, and other relevant information for ITB 2026-006 2026 Resurfacing is available for download Georgia Procurement Registry Website and the City of Tucker website <http://tuckerga.gov/bids> or may be requested by emailing procurement@tuckerga.gov.

GENERAL CONDITIONS

The contractor shall execute the work according to and meet the requirements of the following:

- Georgia Department of Transportation (GDOT) Specifications, Standards, and Details.
- The Contract Documents including but not limited to the scope of work, plans, and specifications.
- City of Tucker ordinances and regulations.
- OSHA standards and guidelines.
- MUTCD Guidelines.
- Any other applicable codes, laws and regulations including but not limited to Section 45- 10-20 through 45-10-28 of the Official Code of Georgia Annotated, Title VI of the Civil Rights Act, Drug-Free Workplace Act, and all applicable requirements of the Americans with Disabilities Act of 1990.

The contractor will be responsible for providing all labor, materials, and equipment necessary to perform the work. This is a unit price bid. Payment will be made based on the actual work completed.

The contractor is responsible for inspecting the jobsite prior to submitting a bid. No change orders will be issued for differing site conditions.

The successful bidder must have verifiable experience at construction of similar projects in accordance with these specifications. Bidder shall provide at least three examples and reference information (including company name, project name, contact name, phone number and email address) demonstrating experience successfully completing projects of similar scope.

5% retainage will be withheld from the total amount due the contractor until Final Acceptance of work is issued by the City. The City will inspect the work as it progresses.

PROSECUTION AND PROGRESS

The Contractor will mobilize with sufficient forces such that all construction identified as part of this contract shall be substantially completed by 120 calendar days. The contractor will be considered substantially complete when all work required by this contract has been completed (excluding final striping and punch list work).

Upon Notice of Award, the Contractor will be required to submit a Progress Schedule.

The normal workday for this project shall be 8:00AM to 7:00PM and the normal workweek shall be Monday through Friday. Lane closures are allowed on collector streets (Lilburn Stone Mountain Road and Britt Road) between the hours of 9:00AM and 4:00PM. The City will consider extended workdays or workweeks upon written requests by the Contractor on a case-by-case basis. No work will be

ITB #2026-006 2026 Resurfacing

allowed on national holidays (i.e. Memorial Day, July 4th, Labor Day, etc.).

The work will require bidder to provide all labor, administrative forces, equipment, materials and other incidental items to complete all required work. The City shall perform a Final Inspection upon substantial completion of the work. The contractor will be allowed to participate in the Final Inspection. All repairs shall be completed by the contractor at contractor's expense prior to issuance of Final Acceptance.

The contractor shall be assessed liquidated damages in the amount of \$500.00 per calendar day for any contract work (excluding punch list and permanent striping) that is not completed by 120 calendar days. Liquidated damages shall be deducted from the 5% retainage held by the City. The contractor will also be assessed liquidated damages in the amount of \$500.00 per calendar day for not completing any required Punch List work within 45 calendar days.

The contractor shall provide all material, labor, and equipment necessary to perform the work without delay until final completion.

The contractor shall provide a project progress schedule by subdivision prior to or at the preconstruction meeting. This schedule should accurately represent the intended work and cannot be vague or broad such as listing every road in the contract.

The contractor shall submit a two-week advance schedule every **Friday by 2:00p.m.**, detailing scheduled activities for the following week.

PERMITS AND LICENSES

The contractor shall procure all permits and licenses, pay all charges, taxes and fees, and give all notices necessary and incidental to the due and lawful prosecution of the work.

BONDING AND INSURANCE REQUIREMENTS

No bid may be withdrawn for a period of ninety (90) days after the time has been called on the date of opening.

All bids must be accompanied by a Bid Bond of a reputable bonding company authorized to do business in the State of Georgia, in an amount equal to at least five percent (5%) of the total amount of the bid.

Upon Notice of Award, the successful contractor shall submit a Performance Bond payable to the City of Tucker in the amount of 100% of the total contract price. The successful contractor shall also submit a Payment Bond in the amount of 100% pursuant to O.C.G.A. § 36- 91-70 and 90.

The contractor shall procure and maintain the following insurance policies:

1. Commercial General Liability coverage at their sole cost and expense with limits of not less than \$3,000,000 in combined single limits for bodily injury and/or property damage per occurrence, and such policies shall name the City of Tucker as an additional named insured.
2. Statutory Workers Compensation and Employers Liability Insurance with limits of not less than \$1,000,000, which insurance must contain a waiver of subrogation against the City of Tucker and its affiliates.

3. Commercial automobile liability insurance with limits of not less than \$1,000,000 combined single limit for bodily injury and/or property damage per occurrence, and such policies shall name the City of Tucker as an additional named insured.

SUBCONTRACTING

The contractor shall not subcontract the complete Work, or any portion thereof, without prior written approval. Any Contractor utilizing a subcontractor must submit a proposed list of subcontractors (form provided) and upon contract award, shall provide a Notarized Subcontractor Affidavit (form provided) for each subcontractor.

MATERIALS

Materials must come from GDOT approved sources. The contractor will be required to submit in writing for approval a list of proposed sources of materials. When required, representative samples will be taken for examination and testing prior to approval. The materials used in the work shall meet all quality requirements of the contract. Materials will not be considered as finally accepted until all tests, including any to be taken from the finished work have been completed and evaluated. Standard Specification 106 – Control of Materials will be used as a guide. All materials will be tested according to the GDOT Sampling, Testing, and Inspection Manual by an approved consultant/lab hired by the contractor and approved by the City.

The City will inspect the work and provide materials testing if needed. All materials will meet appropriate GDOT specifications. Materials quality control test types will meet GDOT specifications at a frequency equal to or exceeding that set by those specifications. Contractor will be responsible for replacing any work performed with material from rejected sample lot at no cost to the City.

PUBLIC NOTIFICATION

The contractor shall be responsible for installing variable message signs at each end of Lilburn-Stone Mountain Road and Britt Road. These signs shall be placed at least one week prior to commencement of work. Payment for this will be included in the item for Traffic Control. The contractor shall be responsible for posting signs at subdivision entrances. City of Tucker SPLOST signs will be provided for these postings. The City will be responsible for notifications to individual property owners.

EXISTING CONDITIONS / DEVIATION OF QUANTITIES

All information given in this ITB concerning quantities, scope of work, existing conditions, etc. is for information purposes only. It is the Contractor's responsibility to inspect the project site to verify existing conditions and quantities prior to submitting their bid. This is a Unit Price bid and no payment will be made for additional work without prior written approval from the City. At no time will Contractor proceed with work outside the prescribed scope of services for which additional payment will be requested without the written authorization of the City.

The City reserves the right to add, modify, or delete quantities. The City may also elect to add or eliminate certain work locations at its discretion. The Contractor will not be entitled to any adjustment of unit prices or any other form of additional compensation because of adjustments made to quantities and/or work locations. The contractor will be paid for actual in-place quantities completed and accepted for pay items listed in the Bid Schedule. All other work required by this ITB, plans, specs, standards, etc. but not specifically listed in the Bid Schedule shall be considered "incidental work" and included in the bid prices for items on the Bid Schedule.

TRAFFIC CONTROL

ITB #2026-006 2026 Resurfacing

The contractor shall, at all times, conduct their work so as to ensure the least possible obstruction of traffic. The safety and convenience of the general public and the residents along the roadway and the protection of persons and property shall be provided for by the contractor as specified in the State of Georgia, Department of Transportation Standard Specifications Sections 104.05, 107.09 and 150. Signage, flagmen, safety vests, vehicle/equipment reflectivity, and other applicable safety measures must be in place at all times.

Traffic, whose origin and destination is within the limits of the project shall be always provided ingress and egress unless otherwise specified by the City. The ingress and egress include entrances and exits via driveways at various properties, and access to the intersecting roads and streets. The contractor shall maintain sufficient personnel and equipment (including flaggers and traffic control signing) on the project at all times, particularly during inclement weather, to ensure that ingress and egress are safely provided when and where needed.

Two-way traffic shall be always maintained, unless otherwise specified or approved by the City. In the event of an emergency, the Contractor shall provide access to emergency vehicles and/or emergency personnel through or around the construction area. Any pavement damaged by such an occurrence will be repaired by the Contractor at no additional cost to the City.

The contractor shall furnish, install and maintain all necessary and required barricades, signs and other traffic control devices in accordance with the MUTCD and DOT specifications, and take all necessary precautions for the protection of the workers and safety of the public.

All existing signs, markers and other traffic control devices removed or damaged during construction operations will be reinstalled or replaced at the contractor's expense, except as otherwise called for in the plans. At no time will contractors remove regulatory signing which may cause a hazard to the public. The Contractor shall, within 24 hours place temporary pavement markings (paint or removable tape) to match existing pavement markings. No additional payment will be made for this work. Payment for temporary pavement markings shall be included in the items for the permanent thermoplastic markings.

PROTECTION AND RESTORATION OF PROPERTY AND LANDSCAPE

The contractor shall be responsible for the preservation of all public and private property, crops, fish ponds, trees, monuments, highway signs and markers, fences, grassed and sodded areas, etc. along and adjacent to the highway, road or street, and shall use every precaution necessary to prevent damage or injury thereto, unless the removal, alteration, or destruction of such property is provided for under the contract.

When or where any direct or indirect damage or injury is done to public or private property by or on account of any act, omission, neglect or misconduct in the execution of the work, or in consequence of the non-execution thereof by the contractor, he shall restore, at his/her own expense, such property to a condition similar or equal to that existing before such damage or injury was done, by repairing, rebuilding or otherwise restoring as may be directed, or she/he shall make good such damage or injury in an acceptable manner. The contractor shall correct all disturbed areas before retainage will be released.

ADJUSTING UTILITY STRUCTURES TO GRADE

All sewer manholes and water valves are to be adjusted by the DeKalb County Department of Watershed Management. The contractor shall coordinate the required utility adjustments with the City

inspector. Contractor is responsible for repairing and replace existing driveway apron gutter ramps as warranted if damaged during the paving operation.

THERMOPLASTIC PAVEMENT MARKINGS

This work shall include Thermoplastic Pavement Markings. Final (thermoplastic) pavement markings shall be placed at least 15 calendar days but no more than 60 calendar days after placement of final asphalt lift. These final pavement markings shall match the pre-existing markings including center lines, lane lines, turn arrows, crosswalks, stop bars, etc. unless specifically directed otherwise by the City. Final pedestrian crosswalk markings shall adhere to the latest standards. Pavement marking materials shall meet GDOT standard specifications and be on the qualified products list. Temporary pavement markings, where required, shall be included in the pay item for thermoplastic pavement markings. There is no separate pay item for temporary pavement markings.

CLEANUP

All restoration and clean-up work shall be performed daily. Operations shall be suspended if the contractor fails to accomplish restoration and clean-up within an acceptable period of time. Asphalt and other debris shall be removed from gutters, sidewalks, yards, driveways, etc. Failure to perform clean-up activities may result in suspension of the work. Milling operation shall be followed immediately by clean-up at which the contractor is to provide power brooms, vacuum sweepers, power blowers, or other means to remove loose debris or dust. Millings or asphalt debris is not to be swept or blown off of the roadway. Do not allow dust control to restrict visibility of passing traffic or to disrupt adjacent property owners. All pavement areas shall be clean and dry prior to placing tack coat, asphaltic concrete or other materials.

SAFETY

Beginning with mobilization and ending with acceptance of work, the contractor shall be responsible for providing a clean and safe work environment at the project site. The contractor shall comply with all OSHA regulations as they pertain to this project.

SPECIAL CONDITIONS

1. No compaction tests will be required for the milling and overlay other than a proof roll.
2. All milled areas should be topped as soon as possible, generally by the next day.
3. All paving will require smooth transition joints at side streets.
4. For equipment drop off and storage, all equipment shall be stored on public property. This includes: along one side of a street, in a cul de sac, or in public parking lot. These locations should be coordinated and approved by the City Inspector prior to use.
5. The City has no facility for excess spoils. All removed or cleaned materials shall be hauled off by the contractor. Costs for the removed material should be considered “incidental “and is to be included in the price of the milling and asphalt pricing.
6. The Contractor is responsible for obtaining water meter from Dekalb County Watershed Management for any hydrant and meter access.
7. Streets where tree roots are obstructing paving operations shall have said roots ground and removed to ensure proper paving.
8. Patching depth will vary depending on the conditions determined by the City inspector. The city and contractor will coordinate to identify patching areas to be marked at a minimum of 7.5’ width so a milling machine can be used.
9. Tack coat is to be included in the unit pricing for asphalt. No line item is included for tack coat.
10. Speed humps are to be milled and replaced in kind. The milling and replacement of the speed

ITB #2026-006 2026 Resurfacing

humps is considered “incidental” and is to be included in the price of the milling and asphalt pricing. See attached detail.

11. The use of a MTV (Shuttle Buggy) is not required.
12. All streets shall be milled 1.5” and receive 1.5” of 9.5mm asphalt except for the following:
 - a. Crestcliff Court: Mill 3"; Install 1.75" of 19 mm and 1.25" of 9.5 mm
 - b. Spring Glen Dr: Mill 3 Inch (2x); Install 3" of 25 mm, 1.75" of 19 mm, and 1.25" of 9.5 mm

NOW, THEREFORE, the conditions of this obligation are such that if the bid is accepted, the Principal shall within ten days after receipt of notification of the acceptance execute a Contract in accordance with the Bid and upon the terms, conditions, and prices set forth in the form and manner required by the City of Tucker, Georgia, and execute a sufficient and satisfactory Performance Bond and Payment Bond payable to the City of Tucker, Georgia, each in an amount of 100% of the total Contract Price, in form and with security satisfactory to said the City of Tucker, Georgia, and otherwise, to be and remain in full force and virtue in law; and the Surety shall, upon failure of the Principal to comply with any or all of the foregoing requirements within the time specified above, immediately pay to the City of Tucker, Georgia,

upon demand, the amount hereof in good and lawful money of the United States of America, not as a penalty, but as liquidated damages.

PROVIDED, FURTHER, that Principal and Surety agree and represent that this bond is executed pursuant, to and in accordance with the applicable provisions of the Official Code of Georgia Annotated, as Amended, including, but not limited to, O.C.G.A. § 13-10-20, et. Seg. And § 36- 91-50, et. Seg. and is intended to be and shall be constructed as a bond in compliance with the requirements thereof.
