Opened Marti Coleman 4/23/2026
Date

The next steps are to determine responsiveness and responsibleness prior to proposal evaluations April 24 - May 1. 2026.

* It was brought to the attention of the Procurement department that the firm's bid submittal was not listed as received. An audit was conducted by the City of Tucker IT department and the findings confirm that the bid documentation was successfully received by the server no later than the 1:00 PM deadline. The delay or obstruction in accessing the submission was the result of a server-side issue beyond the control of the submitting party. Based on this verification, it is affirmed that the bid was submitted in full compliance with the stated deadline requirements.
