140	1) SAFETY - Access for emergency vehicles is prohibitive when there are large crowds in the park. Currently, only one vehicle can operate at a time when there are soccer games and other activities that draw large crowds and impede the flow of vehicular traffic. Traffic calming devices should be installed at various points along hard surfaces. The restrooms are open 24/7 (a liability) a coded access is needed otherwise someone from 'parks' needs to lock the restrooms every evening, as there have been people sleeping in the park, as well as a murder/suicide that occurred when the park was supposedly closed. All situations that could have been prevented if the park was properly closed and locked at night. 2)PRIVACY: With the creation of the temporary dog path, there are people walking around all hours of the day and night right outside our homes and through our yards. People have come through our backyard	5/2/2026 7:06 PM

Henderson Park Master Plan Community Survey

from that trail resulting in two incidents of cars being broken into, and one car stolen next door. Currently the atmosphere is ripe for gang and burglar activity. This needs to be addressed. Motion lights on heavily trafficked paths would deter people from doing nefarious activities at night - and mitigate problematic overnight visitors to the park. The current camera systems are not PROACTIVE in any meaningful way. This also needs to be addressed. 3) MAINTENANCE: Tucker should ensure that what is already there is maintained with the understanding that any new features will require the same care and attention. A maintenance trust fund for the park could provide peace of mind for primary stakeholders who share borders with the park. 4) LIABILITY: Assess the risk of possible liability that the more improvements made, the greater the liability for the city will be, as people will assume these new features are safe and those who are injured while using them could result in expensive legal issues that waste taxpayers money. 5) IMPROVE STAKEHOLDERS SHARE: We understand that the benefits created by this project if properly executed, will enhance the value of our properties creating a higher tax base and more revenue for the city. Therefore, it is essential that everyone understand the 'bottom line' and 'exposure' created with this value proposition and weigh the risks and benefits with the primary purpose of creating higher property values for surrounding neighbors. Lastly, a commitment from the city of Tucker to deliver the highest and best outcomes for the community it serves will ensure this project's success.

Would you like the city to consider indoor amenities, such as a community center, multipurpose rooms, or meeting spaces at Henderson Park? (Select 1)

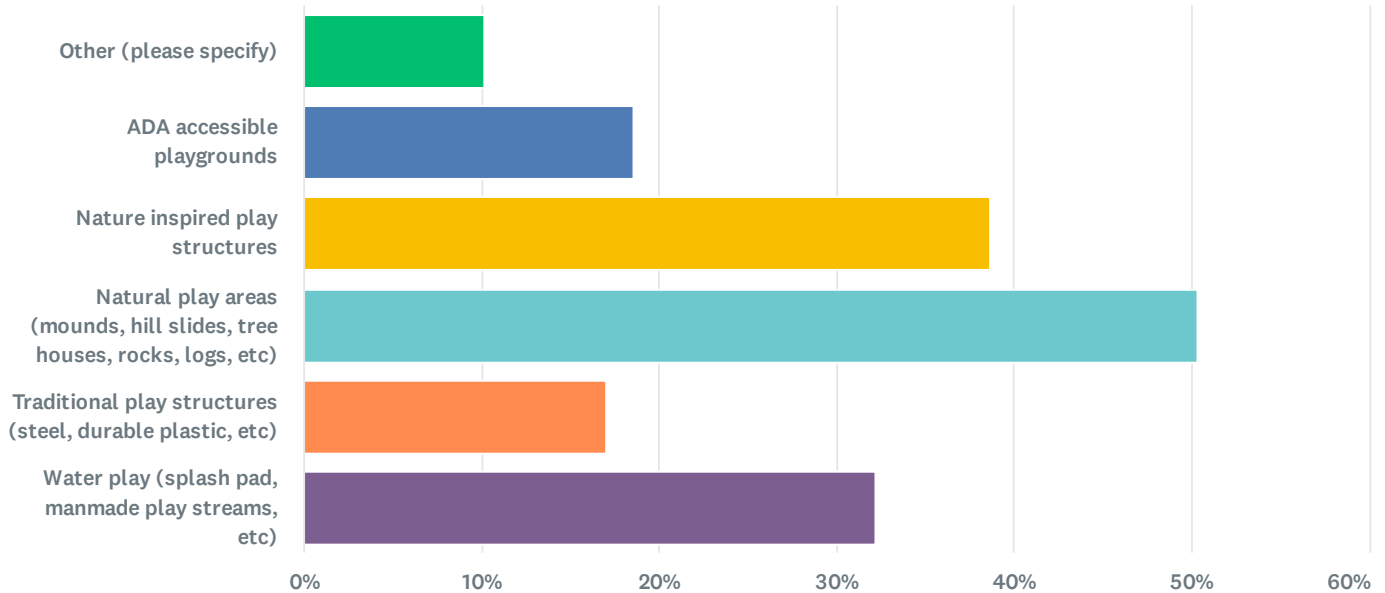

#	OTHER (PLEASE SPECIFY)	DATE
1	ABSOLUTELY NOT	5/22/2026 10:27 AM
2	Absolutely not. There are other areas in Tucker for that.	5/22/2026 10:14 AM
3	Indoor gym space. Tucker rec isn't open enough for our kids	5/21/2026 12:46 PM
4	Bathrooms	5/17/2026 6:57 PM
5	No opinion	5/16/2026 8:09 PM
6	None. Tucker Rec Center already provides these amenities not far away	5/16/2026 5:40 PM
7	Absolutely Not!	5/16/2026 2:52 PM
8	Not a resident, but hope anything would not impact the nature areas, or overwhelm the parking.	5/16/2026 2:03 PM
9	Please make a community center but if you do ASK ARTISTS WHAT THEY NEED to make the place thrive- never guess on these matters!	5/16/2026 12:46 PM
10	If possible but parking, soccer fields, bathrooms, and lots of swings are more important	5/13/2026 5:38 PM
11	I enjoy the indoor amenities at Tucker Rec and feel like they suffice	5/13/2026 11:54 AM
12	Maybe a community center, gym with year-round Indoor pool	5/13/2026 11:19 AM
13	Keep Henderson in a natural state and keep the soccer field on Livsey side of park. NO COMMUNITY CENTER NEEDED and NO ADDITIONAL PICKLEBALL COURTS NEEDED. I do NOT want to have to listen to excessive noise they would make.	5/12/2026 8:17 PM
14	no, absolutely	5/9/2026 4:56 PM
15	Bathrooms are important	5/8/2026 9:19 PM
16	It's definitely needed but I'm thinking that the Tucker Rec can be used for that purpose? As a city, we should be able to share our infrastructure to better serve our citizen.	5/7/2026 7:25 AM
17	Unnecessary, put the money towards better play spaces and water spaces	5/6/2026 8:16 PM
18	We have Tucker parks and rec for those. It needs to be used	5/6/2026 3:34 PM
19	Tucker Rec is a mile away	5/6/2026 3:11 PM

Henderson Park Master Plan Community Survey

20	You have that at Tucker Tec a mile away	5/6/2026 2:48 PM
21	No large buildings....Tucker already has a good meeting place..Tucker Rec Center !!! KEEP A PARK.. A PARK !!!	5/6/2026 1:49 PM
22	the park is a rare gem in a metro area. don't mess it up by cutting trees for buildings.	5/6/2026 8:42 AM
23	A building/pavilion w/shade - Marshall presence on site.	5/4/2026 8:59 PM
24	Absolutely NOT.	5/4/2026 6:45 PM
25	indoor amenities are nice but the park has enough space to prioritize more outdoor options.	5/4/2026 11:25 AM
26	Only if there's a need	5/4/2026 9:08 AM
27	If it was something like Dunwoody Nature Center	5/3/2026 10:06 PM
28	Yes, but probably if it only minimally impacted existing natural areas.	5/1/2026 10:01 PM
29	The Tucker rec center is near by. I don't see a purpose in adding indoor amenities	4/30/2026 9:02 AM
30	This is not the place for indoor spaces. Plenty of other places for those.	4/30/2026 8:35 AM
31	Tucker Rec exists and is very roomy. Invest there if you want more indoor space	4/30/2026 7:56 AM
32	Unsure	4/30/2026 3:21 AM
33	I think there are ways to do this thoughtfully without impacting the overall nature while still providing structures. The two places that come to mind are Furman University (Greenville, SC) and Atlanta Botanical Gardens.	4/30/2026 3:20 AM
34	Don't want to lose the trails and greenery	4/30/2026 3:14 AM
35	The priority of the park should be to a place where people can engage with nature while enjoying themselves. If indoor amenities and the buildings needed for them take away from that and the space/serenity of the park then I would not like it.	4/30/2026 1:46 AM
36	Absolutely not.	4/29/2026 10:37 PM
37	That wouldn't work here	4/29/2026 5:38 PM
38	Structures would undermine the natural look and feel of the park.	4/29/2026 12:29 PM
39	A community center can be creatively inserted into the natural area without negative impacts to wildlife.	4/28/2026 12:54 PM
40	No, because the park is not large enough for additional buildings. Its wilderness quality would suffer. There is already sufficient meeting space at the lower soccer fields.	4/28/2026 12:10 PM
41	absolutely/no!	4/27/2026 10:27 PM
42	Upgrade rec center - don't waste funds else where	4/27/2026 5:23 PM
43	not sure	4/27/2026 1:30 PM
44	Fix up the Tucker Rec Center which is a fine facility. We do not need a community center in Henderson Park.	4/27/2026 12:50 PM
45	yes, would need to see what's being considered...wouldn't want the nature aspect to be reduced	4/27/2026 12:49 PM
46	Absolutely not, additional buildings in the park are not needed. Spend that money on Tucker Rec.	4/27/2026 11:35 AM
47	Not enough information to weigh in	4/26/2026 9:03 PM
48	We have a community center on LaVista Rd	4/26/2026 1:58 PM
49	No. Cory of Tucker is land locked for athletic field space. Other spaces can be used for these types of amenities.	4/25/2026 1:35 PM
50	Absolutely NOT	4/25/2026 8:17 AM

What type of play structures would you like to see in Henderson Park? (Select up to 2)

#	OTHER (PLEASE SPECIFY)	DATE
1	none	5/22/2026 9:16 PM

3	Make sure play surfaces are not fall hazards for children with mobility or sight differences	5/21/2026 9:16 AM
4	Look at German playgrounds. They are safe (partly) because they feel dangerous to kids, improving bodily awareness and continuing to be fun into adolescence.	5/21/2026 1:45 AM
5	The 2 play structures that were there were already top notch for a wide range of kids - ideally those will be returned at minimum, and additions/improvements if needed or feasible.	5/20/2026 11:01 AM
6	No preference	5/18/2026 10:23 AM
7	The seesaw was so loved by my grandkids, please replace!	5/18/2026 8:26 AM

45	There should be artificial islands in the middle of the lake, so turtles have a place to Bask and the sun and waterfall a place to rest without being disturbed by people. Fishing should only be allowed in certain areas as I have partially removed fishing line hooks lures from trees and from wildlife. Additionally, there should be a board that reads when fishing or touching the water is unsafe as we've had multiple overflows of sewage into lake Erin. They put signs up around the manholes that overflowed, but give no advisement at the lake itself.	5/4/2026 7:18 PM

49	Kayak launch	5/2/2026 12:59 PM
50	my concern is when you create trails and boardwalks, you disrupt the land and natural protection for many creatures, insects etc. Also , since the people who go there are too lazy to use the trash cans, too lazy to use the dog waste bags and too lazy and just pitch crap into the land, making it easier to come and provide more area for them to sit and abuse the land will become an increasing issue	5/2/2026 12:53 PM

7	Tucker is growing and with that comes growing pains. Henderson Park is a beautiful natural area and an important native green space to protect and maintain. I support increasing utilization of the space but not at the expense of the undeveloped areas.	5/22/2026 11:51 AM
8	Nature. Keep it natural in the wooded areas.	5/22/2026 11:39 AM
9	This park is a natural oasis. Please keep it natural. We live in the neighborhood and hike there all the time. Many people hike the park. Trails trails trails	5/22/2026 10:27 AM

12	Encourage walking/human powered rolling. Avoid additional car traffic	5/22/2026 10:03 AM

19	Condition of the fields.	5/21/2026 10:06 PM
20	Prioritizing the ecological health of the area should be top priority as it is one of the main points of interest (beautiful nature), where people are seeking to reconnect with the outdoors, outside of their homes and daily lives. I like that the park has many activity options but a balance definitely needs to be struck between priority on people versus nature.	5/21/2026 5:38 PM
21	Well you didn't explain what the master plan process consists of so I can't really answer that one.	5/21/2026 2:52 PM
22	Do not add more activites!!! The area is crowded enough as is. This destroys nature.	5/21/2026 2:02 PM
23	Keep Henderson Park natural - it's a gem. Trails could use expansion and restoration/upkeep (as well as better signage), but I am strongly opposed to building new structures (courts, buildings, etc) - especially new indoor space - at the expense of the natural space that currently exists. I'm less concerned about new pavilions.	5/21/2026 11:34 AM

38	I want the playground near Lake Erin back. It was shady and then we could walk the trails. A bathroom you don't have to run up a hill while carrying a 3 year old and then have to hold over the port-a-potty toilet so she doesn't touch the filthy seat while breathing in pot smoke from the previous occupant would also be welcome.	5/19/2026 10:34 AM

41	Recognize the importance of diverse community needs, and tax-payer funded amenity accessibility. There is only one public basketball court in the City of Tucker. Add one to Henderson Park, and make it multi-functional with added pop-up futsal goals. As for tax-payer funded amenity access... 59	Soccer Field Surfaces!!!	5/18/2026 9:18 AM
60	The park is a gem. I live across the street and my family uses it nearly daily. I appreciate all of the effort it takes to maintain and improve access, trails, etc. I would love for TYSA to contain the parking issue. In the past year or so I have seen more and more cars parked on grass and other areas that are not designated for parking. This is so damaging to the lawn conditions. There is PLENTY of street parking just a short walk away but I guess people are too lazy to cross the street. Also, I encounter too many off-leash dogs. This is a major problem. My husband was bitten by an off-leash dog in Henderson Park, and my teenage daughter was chased by one while out on a run. I have been barked at and felt threatened by off-leash dogs many times. I should not have to fear for my safety or that of my family when we walk or hike in the park. I have asked owners to leash their dogs but they don't seem to care.	5/18/2026 9:09 AM

We still love and play on the bigger one that moved to the tennis courts.	5/17/2026 9:44 PM
69	Focus on the kids. Improve playground and environment for kids. That will bring more families to visit and improve community interactions.	5/17/2026 6:57 PM
70	New and more maintained playgrounds. Trail maintenance. Remove poison ivy. I would love to see mtn bike trails that don't interfere with the hiking trails. They do this really well at Sope Creek and Big Creek.	5/17/2026 4:53 PM

120	My #1 ask is: "Please don't break what's already working well". We're incredibly fortunate to live right by this *urban forest* just 25 minutes from the city! Let's have this forest maintained scientifically, paying particular attention to eliminating fire risk, and removing invasives (please get rid of the English ivy that's threatening so many of our trees!). Plus, better signage so people new to the park stay on clearly marked trails instead of wandering off into private property (often deliberately unfenced, to preserve character).	5/16/2026 4:15 PM

193	It would benefit the city to remember that many families who do not live within the city boundaries have a deep, fulfilling relationship with the city of Tucker and its businesses through TYSA. Our family has spent years of our lives at Henderson Park and through that, we've built deep relationships with its surrounding businesses, something I don't think would have happened if TYSA hadn't introduced us to Henderson Park. As the club expands and hosts guests across the greater north-Georgia area, it would be nice for the soccer amenities to grow in tandem and be something Tucker can be proud of.	5/13/2026 3:54 PM

216	I love all that Tucker has done with Tucker rec and the new green space - there are so many options, which keeps me coming to Tucker. I think Henderson Park just needs improvement on its current state	5/13/2026 11:54 AM
217	TYSA brings thousands of families to the park year round. Improving the quality of their experience - starting with field conditions - then giving them a reason to stay and explore would be wonderful.	5/13/2026 11:52 AM
218	The field maintenance at Henderson should be a top priority. When fields are poorly maintained to the point of becoming unsafe or unplayable, it directly impacts not only the players, but also the reputation of the City of Tucker as a community that values and invests in its families. Strong recreational programs attract families, increase community pride, and contribute positively to local property values and economic activity. Well-maintained athletic facilities also allow the city to host tournaments and events that bring visitors and revenue into the area. Neighboring communities continue to invest heavily in their youth sports infrastructure, and Tucker risks falling behind if these issues are not addressed.	5/13/2026 11:51 AM
219	Artificial turf soccer fields. Current grass fields are not up to the task of supporting our local children's sports clubs.	5/13/2026 11:33 AM

225	HP is the flagship park in Tucker and needs to be thought of in this regard similar to Brook Run in Dunwoody. The city should focus on open field spaces for play along with upgraded amenities to encourage a wide use of the park.	5/13/2026 11:19 AM

285	Why is the taxpayer paying for a third master plan in approximately fifteen years? My understanding is citizens prefer the trees and plants in this park to be protected. It is a gem with the current amenities. Fix the trails. True progress is measured by protecting the environment and not by building unneeded structures. Improve Tucker Rec Center. 339	It's such a great resource to have a natural wooded area in our town. I love the idea of improving the park and adding amenities, but not at the expense of decreasing the natural footprint. I would love if we could add amenities without disturbing the natural habitat.	5/6/2026 5:19 PM
340	Adding a splash pad, safety elements so people's cars don't get broken into, adding playground WITH SUNSHADES! It's wild to me in GA to spend tons of money on a play space that doesn't provide a good amount of shade for when it is really hot.	5/6/2026 5:14 PM

370	I think it is important for the city to ensure that everyone has the ability to enjoy the park for recreation and nature enjoyment: focus on adding in features for humans to enjoy (picnic tables, playground for kids, a field to run and play in, a connective trail system throughout the park) while also ensuring that the natural shoreline and current ecological features are restored to support the abundant wildlife that considers Henderson their home.	5/6/2026 10:19 AM

407	I have little kids so playground.	5/5/2026 6:35 PM
408	Maintain the feel of being in nature! All amenities should blend with nature. Standards for playgrounds, buildings, benches, signs, etc should be NATURE focused. What fits and looks nice in the public town green will not always be the right fit for nature parks like Henderson.	5/5/2026 6:30 PM
409	Maintaining nature and access to it. It is a treasure to have this oasis of nature in our backyards! Let's focus on that and keep it healthy and thriving.	5/5/2026 5:54 PM

413	Keep the community garden thriving. It's a great group of people.	5/5/2026 4:08 PM
414	The terrible erosion of trails in the park make the unaccessible to some and dangerous for others. Poison ivy along the trails is a public safety hazard.	5/5/2026 3:41 PM
415	I think that since there is no more space for building additional courts, the space that would have been used for the pickleball courts be slated for tennis courts, with Tucker High School having priority access.	5/5/2026 2:47 PM

434	Pickleball is a growing sport and the surrounding area could use a great venue for pickleball. This would enable Tucker and area to host pickleball events and ensure it can continue to increase it's league with growth which is a great attraction for the area.	5/5/2026 7:30 AM

459	I'd love one or more connections between sides of the park so I can have a longer walk or run through the trails	5/2/2026 9:48 PM
460	Do not overbuild. Not all parks need to have all amenities. Access to nature is in short supply and not just for humans. Our planet is stressed. Our people are stressed. We need to have a forest to decompress in.	5/2/2026 8:03 PM
461	Assess the risk of possible liability that the more improvements made, the greater the liability for the city will be, as people will assume these new features are safe and those who are injured while using them could result in expensive legal issues that waste taxpayers money. We primary stakeholders understand that the benefits created by this project if properly executed, will not only create a safe and usable asset to the city, while enhancing the value of our properties therefore creating a higher tax base and more revenue for the city. It is essential that everyone understand the 'bottom line' and 'exposure' created with this value proposition and weigh the risks and benefits with the primary purpose of creating higher property values for surrounding neighbors. A commitment from the city of Tucker to deliver the highest and best outcomes for the community it serves will ensure this project's success.	5/2/2026 7:06 PM

496	I think the City should work together with the County to come up with an overall plan to provide unique parks that distribute amenities considering what is existing and what is economical and feasible given the land features. One park should not have to be everything for everybody. I think that is a big mistake that the city is currently making	5/1/2026 11:03 AM

504	Not damaging natural habitats and preserving the ecology and native species.	4/30/2026 10:01 PM
505	Not overgrowing the area in an attempt to turn the park into a commercial-offerings park - snow-cone factory or small ice cream stands on wheels, ok - restaurants, bars, closed in venues for large numbers? No thank you.	4/30/2026 9:23 PM
506	Please preserve and improve the existing amenities like the trails and tennis and natural aspects of Henderson Park. Do not let a vocal minority of pickleball enthusiasts bully the city into a divisive direction. We enjoy seeing families playing tennis while on walks and often stop when Tucker High is hosting its matches. Tennis needs a reservation system like at Mountain Park or Dekalb Tennis Center too. We find it frustrating that our taxes fund the park, but TYSA functionally owns all the fields and keeps them locked up. We have to remedy that -- people need opportunities to use the fields at Henderson Park.	4/30/2026 8:36 PM
507	Restore 4 tennis courts. eliminate very noisy pickleball (loud music, drinking, screaming) courts which disturb natural habitat, park visitors, and people living in the surrounding area	4/30/2026 8:05 PM

517	There is SO LITTLE wild space left in Tucker - all the wooded areas are being sold and developed. PLEASE don't destroy this lovely natural area to build courts and buildings - buy some empty industrial space and make it beautiful for that instead.	4/30/2026 12:55 PM
518	We are so lucky to have such a large greenspace so close to the city. It is wild and wonderful, and it would be disastrous to lose that. Any development should be nature-led and eco certified, focused on supporting or augmenting rather than disrupting the current ecosystems.	4/30/2026 11:56 AM

520	Minimizing impact on existing wildlife / ecology	4/30/2026 10:03 AM
521	Keep it as natural and wild as possible. Not every bit of greenspace needs to be developed and paved. Once it is gone it is gone forever.	4/30/2026 9:35 AM
522	Preserve, restore and enhance the natural environment and do not destroy the beauty with too too many man made elements . Bring quality interactive play structures and enhance existing sports areas. Improve lakeside boardwalks and pedestrian walking areas.Add lighting snd emergency call boxes	4/30/2026 9:19 AM
523	Improving the soccer fields and making them more accessible for people when practices and games are not occurring. That may require turf over grass.	4/30/2026 9:02 AM
524	please do not destroy the wildlife. there are barely wildlife or natural areas left in the tucker area and the wildlife will have nowhere to go.	4/30/2026 9:00 AM
525	Do not "improve" away the wildness of this park. The "underutilization" of the land is precisely why it is so wonderful.	4/30/2026 8:49 AM

529	How do we create a park that gives "connection to" versus "use of"? I use the courts, fields, and trails, but what connects me is the wildlife/habitat/nature of Henderson Park and the people I meet there.	4/30/2026 8:38 AM
530	Henderson is one of the best natural parks in the city and should be maintained as such. I'd like to see focus on invasive removal and native habitat restoration, education, and better trail maintenance.	4/30/2026 8:37 AM
531	Keep the space as natural as possible. It's what distinguishes this park (in addition to size).	4/30/2026 8:35 AM

to drive hours north to get that rustic hilly hike. It is truly a surprise and wonder to people who visit. I do understand and agree with accessibility needs and think one paved path in one zone would allow for that while maintaining the “roam” of the rest of the park.

544	Easy access to ALL community members	4/30/2026 2:49 AM
545	Natural paths	4/30/2026 2:22 AM
546	Henderson Park should become Tucker's premier destination for natural wonder and environmental discovery, a place where families can hike to a waterfall, kids can learn ecology on the trail, and the community garden inspires curiosity about the natural world. The master plan should preserve and elevate the park's wild character while weaving in science education, interpretive signage, and nature programming alongside the recreational amenities that make a great park. Think less manicured, more magical a living classroom and gathering place rooted in the landscape that makes Henderson unique. Please include nature/local ecology related signage to help visitors appreciate the biodiverse ecosystem of the park. Please please preserve as much nature as possible. any construction should be environmentally friendly, sustainable, and with the least footprint possible. The single most important infrastructure priority should be improving connectivity between the TYSA soccer side and the rest of Henderson Park. Right now the two sides feel like separate parks entirely, and that disconnect prevents visitors from experiencing Henderson as the unified, remarkable space it could be. A better trail accompanied with park trail maps would be nice.	4/30/2026 1:46 AM
547	Keep it natural and keep the shade trees. The magic of the playground is how it blends into the nature and overlooks the lake.	4/30/2026 1:46 AM

549	Maintaining natural habit. Leaving things as natural as possible i.e. not “overdoing it”	4/30/2026 12:00 AM
550	Keeping the spirit of the natural habitat in tact. Humans are not the only inhabitants here, and that's a beautiful thing to celebrate. No more cement, steel, plastic, or damage to optimal irrigation landscapes. Construction displaces animals and important pollinators. This is a lovely place to spend time already. Put aside ego, ambition and chasing perfection and embrace what's already here.	4/29/2026 11:17 PM

556	do not overbuild this park	4/29/2026 10:50 PM
557	Keep it green and natural	4/29/2026 10:48 PM
558	Leave natural habitats alone. People need greenspace access for mental health, and children need it for interdisciplinary learning.	4/29/2026 10:38 PM
559	Keep the integrity of the park as it stands. Maybe just make sure bathrooms are clean, open, with working water fountains. Maybe a permanent bathroom at the dog park area.	4/29/2026 10:37 PM
560	The land we have is such a treasure to experience within the perimeter. It is lovely that we can provide a beautiful escape from city life without having to drive far away. Please maintain or enhance or natural features.	4/29/2026 10:11 PM
561	Maintaining the ecological diversity of the park. The trail system and boardwalk are really great and there is a lot of wildlife. I think some restoration efforts and invasive removals are valuable - but they should be largely educational and involve volunteers. There is no need for perfect appearance or herbicides, but rather the community will connect with each other and learn a lot	4/29/2026 9:56 PM

595	Safety	4/29/2026 2:16 PM
596	Don't do drastic changes or anything to encourage more vehicular traffic.	4/29/2026 1:47 PM
597	Henderson Park is such a special place because it offers a balance of natural woodlands and recreational facilities. there is enough existing separation that the two peacefully coexist inside one park	4/29/2026 1:44 PM
598	Not making things worse	4/29/2026 1:40 PM
599	Not improving this success into a failure..	4/29/2026 1:18 PM
600	Keep nature intact and thriving	4/29/2026 1:13 PM
601	we need to keep space for wildlife to live. we can't keep taking thier homes away for humans.	4/29/2026 1:07 PM
602	Upgrade Livsey soccer field.	4/29/2026 1:04 PM
603	Listen to the people who use it	4/29/2026 12:46 PM
604	No new buildings!	4/29/2026 12:45 PM
605	Trail system is in bad shape/dangerous. So many invasive plants have quickly grown over the natives that were planted along the ADA path. Invasive plants all over the park need to be removed	4/29/2026 12:45 PM
606	Exercise restraint over any construction that might damage or destroy the native lay of the land and its foliage.	4/29/2026 12:29 PM
607	Love the park already. I would prioritize maintaining/improving the existing features, while adding a few new and highly sought after features (water play, more kids structures).	4/29/2026 11:46 AM
608	Leave it alone.	4/29/2026 11:35 AM
609	HP is a hidden gem in the middle of Atlanta. I know practically every green space inside the perimeter, especially with water features. Nothing comes close to Henderson. It doesn't need to be fucked up with development. My family has been going there for 12 years. Basic general maintenance on existing playgrounds, trails and boardwalks is adequate to keep it perfect. The improvements in the last several years seem to minimal and thought out. The playground upgrade was great, inspite of rapid deterioration of some aspects. The boardwalks were great, although nature seems to want to take them out. Any more growth or development seems unnecessary and is likely to disrupt the balance of a thriving ecosystem, even with a watershed event like the dam reconstruction.	4/29/2026 11:26 AM
610	Don't fix what ain't broke. The park has come a long way in the last 10 years and I love it as it is!	4/29/2026 11:06 AM
611	Our keystone park should be a show stopper. Thinking Brookrun park in spirit.	4/29/2026 11:06 AM
612	Updating	4/29/2026 10:52 AM
613	Pickleball courts and safety	4/29/2026 10:43 AM
614	Trails	4/29/2026 10:38 AM
615	Improve while keeping a lot of the unique features. The wood trails are great but as I get older I might need something a little more accessible	4/29/2026 10:35 AM
616	Keeping park ecologically sound; a quiet, almost hidden bit of nature in the midst of an increasingly populous and traffic-ridden area.	4/29/2026 10:23 AM
617	Protect the existing wildlife	4/29/2026 10:22 AM
618	Don't destroy the natural beauty and the natural areas for the kids to enjoy.	4/29/2026 10:02 AM
619	Keeping natural landscape in tact	4/29/2026 9:59 AM
620	How can this park maintain and highlight what is special about it (the lake, the trails, the ability to be immersed in nature) while also creating moments of modern usefulness that the city needs to provide (tennis courts, soccer fields, pavilions for community events); and parking needs to be addressed!!!	4/29/2026 9:34 AM

621	No new physical structures	4/29/2026 9:31 AM
622	What makes Henderson unique and popular and so loved is the forest an ability to connect with nature.	4/29/2026 9:30 AM
623	Preserve trees and natural elements. Keep waterways flowing and not stagnant.	4/29/2026 9:20 AM
624	Clean up of trails and invasive plants, clear signage	4/29/2026 8:48 AM
625	For our household, trail improvements, including invasive plant (especially poison ivy) management.	4/29/2026 8:38 AM
626	NATURE QUIET	4/29/2026 8:07 AM
627	Clean and healthy lake. Return of our playground (we have missed it)	4/29/2026 7:34 AM
628	Dedicated Pickleball courts	4/29/2026 6:36 AM
629	More parking	4/29/2026 2:53 AM
630	Make improvements to the park that makes it an outdoor centerpiece of the neighborhood, offering a good variety of activities for residents of all ages and interests	4/28/2026 10:43 PM
631	being able to incorporate improvements with what is already existing, as to not take away from any potential budget expansion	4/28/2026 8:28 PM
632	Prioritizing green space & wildlife habitat over development. This park is a way to escape from the other, overdeveloped areas of Tucker.	4/28/2026 6:24 PM
633	Keep and enhance the forest and trails	4/28/2026 4:14 PM
634	Disc golf course. I already play pickleball there and love it, but there is no need for additional courts. The existing tennis courts and perfectly adequate.	4/28/2026 4:10 PM
635	Restore playground area moved for the dam work	4/28/2026 3:14 PM
636	Keep the park open and wild. That is the charm.	4/28/2026 12:54 PM
637	The most important thing is how to best serve the physical and recreational needs of the park's users. Wilderness-style areas in urban environments are hard to come by. Henderson Park, like Stone Mountain and the Fernbank forest, is one of the few. I like it just the way it is, with one caveat: adding a circuit training course and a low-key obstacle course (e.g., a less rigorous version of the ones used to keep Marines in shape) would provide outstanding opportunities for adults and children to improve their physical fitness in a natural environment. These types of physical training are among the best I have ever utilized and designed.	4/28/2026 12:10 PM
638	Sidewalks for walking access. It would be so valuable to have sidewalks from the front entrance, past the tennis courts, to the lake Erin area, that would make the park so much safer for those walking their children there from the surrounding neighborhoods	4/28/2026 12:06 PM
639	Maintaining the tree canopy and forest walking trails. We need to maintain the green space that we have. I would hate to see any trees come down. This is a quiet respite and a cool one in the hot summer months. Also need cameras, lights or some sort of deterrent to keep people from breaking into cars in the lot closest to the playground	4/28/2026 11:10 AM
640	please do not over-develop this park. We want the nature and wildlife that come with this. Its a forest inside the city. DO NOT REMOVE THE TREES!	4/28/2026 10:48 AM
641	Keep the ecological balance, but add a few things to improve the parks overall appeal.	4/28/2026 10:03 AM
642	The balance between ecological health and public access. Henderson Park is a great space to bring to life how native plants and wildlife habitat can thrive alongside human access.	4/28/2026 9:50 AM
643	Widen sidewalks, connect East/West via LIGHTED walking trail.	4/28/2026 9:20 AM
644	Many residents live within only hundreds of feet of the park and their quality of life should not be adversely affected by changes.	4/28/2026 8:30 AM
645	Publishing the design of the park on Tucker Town Talk	4/28/2026 8:24 AM
646	Updated playground, more gathering spaces and restroom/ working water fountain access	4/28/2026 5:10 AM

647	Trail signage	4/28/2026 3:40 AM
648	Improving g downtown for ys	4/28/2026 3:08 AM
649	The park serves as a well blended space for outdoor recreation with the existing facilities. Additional construction and/or intrusion into the natural park areas are not needed or desired.	4/28/2026 12:07 AM
650	No more building	4/27/2026 11:06 PM
651	Focus on expanding parking so the surrounding streets/neighbors do not suffer. Lake Erin is literally my back yard, so we want it to be safe and preserve as much of the habitat as possible.	4/27/2026 11:06 PM
652	Keep/it/green.No/concrete/through/our/park.Don't/take/out/trees/and/trails/for/meeting/rooms/pickleball.Sorry,keyboard,broken.	4/27/2026 10:27 PM
653	Bathroom access	4/27/2026 9:46 PM
654	This is not pertinent to Henderson but a water play area is such a demand. If Henderson is next to have construction then highly consider putting it there as it wasn't for tucker town green. These are the two most logical places to put a water play structure.	4/27/2026 9:44 PM
655	Naturalness of the park. Play structures	4/27/2026 9:18 PM
656	Balance improvement of current state with amenities that make sense for all citizens	4/27/2026 9:15 PM
657	Leave park alone. Minimal invasive plan to protect nature, minimize human impacts	4/27/2026 8:53 PM
658	Preserve natural environment as much as possible	4/27/2026 8:42 PM
659	Serious consideration to any and all ideas, regardless of source. And presentation of clear, understandable explanation of significant decisions made along the way.	4/27/2026 8:07 PM

661	Accessibilty so a variety of cimmunity memebrds cab enjoy (including esse of access to and throughout the park, places to rest for limited mobility users, etc)	4/27/2026 8:00 PM
662	Playground by community garden needs TLC; bathroom's need to be maintained.	4/27/2026 7:30 PM
663	Henderson is the city's marquee park and enhancing its identity as such should be a consideration. Focus on the unique!	4/27/2026 7:20 PM

670	Keep the trails clear and maintained with good signage.	4/27/2026 5:07 PM
671	Keeping it as much like it already is as possible	4/27/2026 5:03 PM
672	Maintaining and conserving natural features.	4/27/2026 4:50 PM
673	I think putting at bathroom by the playground by the lake (assuming it comes back) should be #1 priority. Before the portapoty and even with it, kids on the playground have to pee and poop in the woods when they have an emergency.	4/27/2026 4:44 PM
674	I would love to see improved walkability connecting the east and west sides of the park. A paved path through the park could be integrated as part of the future Tucker trail path.	4/27/2026 4:40 PM
675	Improved play structures, fields, and wildlife	4/27/2026 4:36 PM
676	Increase access utilizing non-car methods of transportation	4/27/2026 4:31 PM

Henderson Park Master Plan Community Survey

678	I think there should be toys or playgrounds for adults too	4/27/2026 4:26 PM
679	For our family, an awesome playground/play area. Our kiddos LOVE the town green play spaces. Doesn't need to be a traditional play structure. I love the idea of making it natural to the space and the man made play creek	4/27/2026 3:43 PM
680	How to make the park safe for all and add lighting so we can go after sunset	4/27/2026 3:40 PM
681	Accessible green spaces are so important to community health. I'd like to see ecologically appropriate improvements that allow us to access nature in a way that we can't do elsewhere in Tucker.	4/27/2026 3:31 PM
682	Prevent or minimize soccer field disruption - don't fix what is not broken	4/27/2026 3:06 PM

687	Good play areas doe kids and teens	4/27/2026 1:39 PM
688	Making Henderson park accessible for all ages.	4/27/2026 1:36 PM
689	Maintain the native plant area. Maintain the amazing trails. There are many issues with off leash dogs and lately homeless people on the trails acting inappropriately by flashing genitalia	4/27/2026 1:30 PM
690	To not destroy the natural elements that already exist. The park has served residents just fine as-is. If it ain't broke, don't fix it.	4/27/2026 1:30 PM
691	Protecting and improving the existing natural habitats and trails in the park.	4/27/2026 1:16 PM
692	Please leave the park as natural as possible.	4/27/2026 1:14 PM
693	Add additional pickleball courts	4/27/2026 1:13 PM
694	Honoring the nearby residents desires for the park	4/27/2026 1:11 PM
695	Keep the trails and shade! It's a great escape from the concrete jungle. It's a lovely local place to hike.	4/27/2026 1:08 PM
696	Henderson Park needs to remain in its natural state, without more amenities. The dam project appears to be a boondoggle. Access to trails has been severely impacted without an end in sight. The overgrowth at the lakebed needs to be cut back before any lake water refill happens.	4/27/2026 12:50 PM
697	Try to get buy in on improvements and not let the process get polarizing(like the pickleball project LY).	4/27/2026 12:49 PM
698	Preservation of the natural environment, including plants and wildlife. No need to over-develop.	4/27/2026 12:30 PM
699	Stop paving nature. No building needed. Nature is the point. Plants and animals need a place to live.	4/27/2026 12:23 PM
700	Preserve natural areas	4/27/2026 12:12 PM
701	making it useful and appealing, and not building trendy things that will not last.	4/27/2026 11:58 AM
702	Dedicated pickleball courts, paved trail connecting both entrances, a publicly accessible soccer field.	4/27/2026 11:54 AM
703	Henderson Park is a wonderful nature area. It doesn't need entertainment amenities to make it better. Try to preserve natural areas and improve /maintain the trails. It does not need a "community center". See previous master plan from 2012.	4/27/2026 11:35 AM
704	Making sure trails are well marked, bathrooms are clean and actually have water and TP, and giving kids a place to play.	4/27/2026 11:26 AM
705	Please, keep it natural. It is a pain to have to drive to Gwinnett (who does an outstanding job with their parks) to find a decent hiking trail.	4/27/2026 11:03 AM
706	Essentially to leave the trails and as they currently exist. With consideration for improvements	4/27/2026 10:05 AM

710	Maintaining the natural environment, adding more flowering plants	4/27/2026 8:43 AM
711	Leaving the park as wilderness. The Lake Erin area is a gem. Don't run it with overdevelopment around it.	4/27/2026 8:36 AM
712	Creat a new park plan that includes the mix of usage to accommodate these priorities along with an understanding of maintaining the parks assets passive for hiking and nature and active for sports play.	4/27/2026 8:00 AM
713	Preserve the woods. Henderson's greatest asset is the ability for residents to immerse themselves in nature without a long drive.	4/27/2026 7:49 AM
714	Being mindful of the fact that the park is within a neighborhood. Keep the natural and forested elements while improving accesses ability and safety. The wooded trails are an asset to the community and should be preserved in a naturalized but safe condition.	4/27/2026 5:29 AM
715	Preservation of all the woodland areas in the park. Trees are essential to life on earth.	4/27/2026 12:05 AM

721	Better playground and bathrooms at lake erin	4/26/2026 7:18 PM

724	Leave our park as is for wildlife to flourish and us to continue to enjoy our awesome wildlife.	4/26/2026 5:18 PM
725	Trails and safety. We love Henderson park, and I would love to trust that my kids are safe exploring on their own there.	4/26/2026 5:04 PM
726	Focus on it being a natural park. Serenity and tranquility...ecologically responsive, not a loud kid friendly six flags disneyworld. Think about the demographic 50+ that pays taxes...not all about kids.	4/26/2026 4:56 PM
727	Leave it as natural for the wildlife as possible. Do not turn it into a manicured park for people. Leave a natural habitat for deer, owls, hawks, foxes, birds, etc.	4/26/2026 4:36 PM
728	Enhanced state of the art playground equipment for our families with young children	4/26/2026 4:26 PM
729	Access to nature - keep the forest and the lake. Allow for multiple levels of challenge, exploration and privacy on trails. Opportunity to get out on the lake in watercraft without motors.	4/26/2026 4:10 PM

733	Preservation of the natural environment, especially the woods.	4/26/2026 1:46 PM

736	Keep it green	4/26/2026 12:45 PM
737	Not cutting down trees	4/26/2026 11:17 AM
738	Don't spend money where it isn't needed. It's such a beautiful natural park, I don't want to see that destroyed.	4/26/2026 11:05 AM
739	The natural aspect of the park should be protected! Do not "improve" by manufacturing what is already optimal--natural space, trees, wildlife, birds, flora.	4/26/2026 10:20 AM
740	Maintaining animal habitats.	4/26/2026 10:13 AM
741	Connectivity and accessibility	4/26/2026 10:11 AM

745	Balancing the impact it has on the neighborhoods that are next to the park. Traffic, lighting, increased amount of people, etc. TYSA parking already causes a problem for certain neighborhoods what would more activity do...	4/26/2026 9:52 AM
746	Keeping the park clean and maintained while addressing security issues that arise with the park gates remaining open. The trash in the park is a major concern with water bottles, food packaging and used condoms commonly found on daily walks.	4/26/2026 9:51 AM
747	Dam safety and durability.	4/26/2026 9:39 AM

753	Maintain and keep as is	4/25/2026 3:39 PM
754	Enhancing values of natural habitats often costs very little	4/25/2026 3:22 PM
755	Finish the Dam and leave the park alone.	4/25/2026 2:20 PM
756	Please do NOT disturb the woods with any paved routes nor with any "boardwalks" around the lake. The beauty of the park is the large natural area!! Let the kids play in nature!	4/25/2026 1:40 PM
757	Nature first. Field space. Parking. Trail maintenance	4/25/2026 1:35 PM
758	Please maintain the natural integrity of this precious gem. We moved here because of this park and want to protect and preserve as much of the ecology as possible. There was already such disruption with the dam. Please prioritize the natural habitat in any future decisions.	4/25/2026 10:52 AM
759	don't add a bunch of stuff no one wants and definitely don't mess with the trails	4/25/2026 10:45 AM
760	Having space that is safe along with not disturbing the animals who love in the park	4/25/2026 9:48 AM
761	Keep it simple. The largely undisturbed park is a treasure that could easily be lost.	4/25/2026 9:00 AM
762	Keep costs down so our property taxes don't increase.	4/25/2026 8:53 AM
763	Stop with the improvements. This is a beautiful park as it is. We do not need another Piedmont Park in Tucker. Henderson Park is a natural gem. Please stop "improving".	4/25/2026 8:17 AM

#	RESPONSES	DATE
1	Water fountains	5/22/2026 2:32 PM
2	Increased parking for soccer fields.	5/22/2026 1:51 PM
3	Definitely consider adding a water source for kids to play in	5/22/2026 11:59 AM
4	I do not feel like the master plan process incorporates or prioritizes the feedback of working-age adults who do not have children. There seems to be a lot of focus on children's sports and activities, or retiree sports and activities. I believe a balanced mix that offers activities for everyone should be utilized.	5/22/2026 11:51 AM
5	Keep pickleball use limited. Noise is annoying. Enforce parking regulations	5/22/2026 10:03 AM
6	More athletic fields	5/22/2026 9:10 AM
7	Communication with residents and good signage is critical	5/22/2026 8:34 AM
8	Tennis courts that are reservable online	5/22/2026 8:19 AM

10	more shade structures around the playground	5/22/2026 7:44 AM
11	More parking or staggered schedules to allow parking access	5/21/2026 10:06 PM
12	Please consider leaving areas that are natural in their current state and only make upgrades to the built structures that exist. The park is such a neighborhood hub, but it is also a fairly large wildlife area in a residential corridor. Since we are losing those throughout Atlanta quickly, it would be great to put some emphasis on securing the ones we have.	5/21/2026 5:38 PM
13	My Turtle Party Pad idea is genius. It is my gift to you. Call it the Turtle Mahal. Or El Turtletillo (like the Mexican stepped pyramids). Or if you want to get artsy - make the turtle party pad an actual turtle sculpture. And that way other animals will know it's for turtles only.	5/21/2026 2:52 PM

16	Splash Pad or more fun areas for families and children.	5/20/2026 10:10 PM
17	I like the potential for indoor areas, but it could easily take away from the natural/wooded areas that are a huge appeal for our family. Natural and earthen play structures could tie well into the appeal of the park, while engaging kids and families.	5/20/2026 2:45 PM
18	Henderson Park is/was the best park in Tucker and north DeKalb. Please prioritize it as a community asset for all!	5/20/2026 11:01 AM
19	A small soft surface walking path. I like the track at Tucker High School but the public is limited to using it. I walk the perimeter on the soft surface at playground. Maybe signage advising them where the additional parking is, and how short the walk is from there to here? It's disruptive when people park all over the place because they want to be close to a playground or the kiddie play area. 128	Henderson Park fields/greenspaces need to be open and available to the public during specified times while not in use by TYSA. This area is a waste of available space funded by taxpayers when children cannot even utilize it to practice their skills outside of a 1 hour per week soccer practice. Even offering something similar to Brook Run Park's multi-use fields where fields can be reserved with a posted schedule online -- but otherwise open and available for use on a first come first serve basis while not reserved. To have a local soccer program like this while not also providing additional opportunities/spaces for players to practice skills on their own is detrimental to their development and a HUGE miss for a program of this caliber.	5/13/2026 11:01 AM

211	Why are so many so-called master plans being done? I think this is the third one in 15 years. Fix current rec center. Don't build more. Spend money and effort on current parks to make what is already in the parks top notch. I was told city has 6 million in debt. If true, money shouldn't be spent on master plan. Erecting buildings in a passive park is a feather in no one's cap. Bicycles should not be allowed on the trails. The wheels damage trails and the bicycles are a danger to walkers. Off leash dogs are enough of a challenge.	5/6/2026 8:42 AM

216	Lakewalk	5/6/2026 2:38 AM
217	Henderson Park is not the place for any kind of recreational or meeting building or structure other than possibly a covered pavilion at the lake. The park should be kept as close to its pristine natural environment as possible.	5/6/2026 12:12 AM
218	Unlike many parks, Henderson Park is a true nature park, containing old growth forest remnants, a high biodiversity of native species, and high value wildlife habitat. When parks improvement focuses only on building new structures and hardscapes, and when additional trails open every area of a park to foot/bike access, dogs etc, the natural value of the park - the main reason why many go to the park - can be harmed, and wildlife and bird habitat devalued, and native species reduced and destroyed. Henderson Park is the largest park in Tucker that offers the opportunity to highlight and educate the public about the exceptional natural lands still found here, even in an urban/suburban location.	5/5/2026 11:24 PM

233	Would love to see Disc Golf in the park, even if it's just a 9 hole course through the woods similar to what the Chamblee church had or something like what half of Suwanee Creek Park or East Roswell Park have.	5/5/2026 2:42 PM

245	Open field access on Henderson Rd side as fields are locked & public/neighbors are never allowed to use as fields are dedicated for youth sports - soccer only. TUSA sits empty & locked most weekdays. Better utilize fields for public use - pickup activities for adults & families.	5/4/2026 8:59 PM

248	We have a very unique Park that many naturalist enjoy. Keep all improvements to the upper Cruz side of the park. The Henderson side has been turned into what I perceive is a little Dunwoody Park. Concrete pathways, zip lines, totem poles, pretty much everything that's not natural leave the lower section alone.	5/4/2026 7:18 PM

260	Especially consider the concerns of the people whose properties border the park. We have had to get used to a dog park and the path leading right by our houses to access it (which we opposed), lights on the tennis courts at night (which we opposed), pickleball noise (a surprise), and a gate that no longer locks at night (which we were lied to about). I would like to contemplate my old age living in peace with nature -- not being crowded out by someone's idea of a "premier public space". Ugh! I can go to Piedmont Park if that's what I want. And so can anyone else!	5/2/2026 8:03 PM
261	Assess the risk of possible liability that the more improvements made, the greater the liability for the city will be, as people will assume these new features are safe and those who are injured while using them could result in expensive legal issues that waste taxpayers money. We primary stakeholders understand that the benefits created by this project if properly executed, will not only create a safe and usable asset to the city, while enhancing the value of our properties therefore creating a higher tax base and more revenue for the city. It is essential that everyone understand the 'bottom line' and 'exposure' created with this value proposition and weigh the risks and benefits with the primary purpose of creating higher property values for surrounding neighbors. A commitment from the city of Tucker to deliver the highest and best outcomes for the community it serves will ensure this project's success.	5/2/2026 7:06 PM

294	Please offer tennis classes for our youth and those with special needs. Adult drills would be fun too! Extremely minimal costs and revenue-generating. Tucker residents shouldn't have to join a country club or drive out to Dekalb Tennis Center in Decatur for tennis drills. How about a trail for mountain biking adjacent to the other trails like at the Yellow River park in Gwinnett? Or a natural biking track (small) for kids?	4/30/2026 8:36 PM
295	Remove noisy pickleball courts	4/30/2026 8:05 PM
296	Keep the waterfall area natural but add directional and educational signage. Also, extend the paved walking trails for accessibility. 310	Please refrain from adding areas that would reduce the amount of natural space we have. These areas are already in such limited supply and Henderson allows us all a beautiful place to enjoy nature with our families and support the environmental needs of our community	4/30/2026 6:35 AM
311	The unique identity of Tucker parks. We don't need each park to have the same amenities. How can we preserve Henderson's identity will ensuring folk have bathrooms, some more parking on Saturday mornings, and improved experiences for their trail walks, birdwatching and picnics.	4/30/2026 6:32 AM
312	If we're going to revamp the park, let's do so in an award-winning mind frame	4/30/2026 3:20 AM
313	Better consideration to ADA needs	4/30/2026 2:49 AM
314	Protecting birds	4/30/2026 2:22 AM
315	Additionally, the soccer fields need to be more accessible to the general public. The fields and goals are frequently locked, leaving visitors unable to use open green space that should be available to everyone. The master plan should address how field scheduling and access policies can better balance organized league use with everyday public access.	4/30/2026 1:46 AM
316	Address the problem of men exposing themselves on the trail. We need to feel safe walking.	4/30/2026 1:46 AM
317	Consider that less is more. That the wildlife, the trails, and the simplicity is what brings many to Henderson Park. Not everything needs a pavilion or a stage.	4/29/2026 10:51 PM
318	focus on the natural park we have been entrusted to keep	4/29/2026 10:50 PM
319	Safety is my only other concern. Lots of car break-ins, and the smell of weed are discouraging	4/29/2026 10:48 PM
320	Don't screw up the park. It's not a cash grab for the city government's contractor friends.	4/29/2026 10:38 PM
321	Keep it as close to as is as possible please. It's lovely.	4/29/2026 10:37 PM
322	It would be wonderful if the park was connected via a path to downtown Tucker. It would be nice to have bike parking and encourage people to bike from their homes as well.	4/29/2026 10:11 PM
323	Please do not cut down trees in the park to construct buildings or parking lots. I think simply opening up some of the existing athletic fields to casual visitors will be more than enough for most people's enjoyment. Some of the best parts of the park are the UGA extension gardens, the community garden, and the wildlife walk.	4/29/2026 9:56 PM
324	Impact to trees and other who utilize the park.	4/29/2026 7:51 PM

331	Better walking ways to cross over to the park from Gleneagles Drive. It is a busy road and dangerous to cross at Gleneagles.	4/29/2026 6:46 PM
332	Don't get overly ambitious and end up with structures and overheads that consume substantial annual resources for maintenance & repairs	4/29/2026 6:37 PM
333	Better playground or additional playground	4/29/2026 6:34 PM
334	Add a disc golf course	4/29/2026 5:53 PM

350	Be very careful in advancing any development of a sacred space. Tucker itself is different from other towns in Atlanta, and it's probably because Henderson Park is its natural heart.	4/29/2026 11:26 AM

356	The dog park is a nightmare. It was poorly planned from location to access (a muddy mess on a hill!). Tucker has one of the highest rates of pet ownership in the country and we are driving to Gwinnett to go to their dog parks! Why not lean into what is special in Tucker? Have coffee and breakfast trucks at the dog park on Saturday mornings. How do we have consistent experiences that bring people to the park weekly? I'd like a holistic plan for all of our parks. I think there is an opportunity for Fitzgerald to be focused on engaging in certain ways that Henderson isn't. There just doing seem to be a plan for Tucker (which is how we get 12 pickleball courts at Tucker Rec being an option).	4/29/2026 9:34 AM

364	I love that the park can be used for so many children to enjoy soccer, although seems like a lot of space is set aside for this one purpose that isn't available for all to enjoy (goals are locked up when not in use by the private organization) and I would like to see a baseball field or other space that can be used by all residents installed.	4/28/2026 10:43 PM

375	Completely understand the need to discuss safety and make sure lighting is sufficient. If possible, though, it would be great to consider wildlife impacts as well. Maybe compromise with parameters like the color temperature (warmer is better for wildlife to navigate), shielded lights, and altered hours during bird migrations (part of the Lights Out initiative). Additionally, designating an area for a food forest would be a great way to engage the community, offer more learning opportunities for kids, and expand the efforts of orchards already present in Tucker. Great for pollinators and people!	4/28/2026 9:50 AM

384	Visit Gwinnett County parks and take some ideas from their accesible playgrounds. It seems like such a shame that Tucker residents have to go to Gwinnett to access nice playgrounds.	4/27/2026 9:46 PM
385	Disk golf would be amazing even if it's not a full 18 hole . Other cool option to have a mini skate park	4/27/2026 9:44 PM
386	Adding shade covering to the playground between soccer fields and pickleball courts. It's our favorite playground but it's only a 'morning playground' in the summer.	4/27/2026 9:18 PM
387	Is there space for a music or festival area? Bring more opportunity to tucker for larger events, like Brookhaven cherry fest etc. the town green is great but size limited.	4/27/2026 9:15 PM
388	Focus tax dollars on working and maintenance of all city cross walks. They are broken!! Making crossing unsafe	4/27/2026 8:53 PM
389	We are guests in the forest & need to be respectful	4/27/2026 8:42 PM
390	Consider a way to integrate public art. Possibly an art trail along the connecting link between the two side sides of the park.	4/27/2026 8:07 PM
391	Prioritize space for community/resident gathering and play. Increasing access to fields.	4/27/2026 6:27 PM
392	Please don't add noisy bright pickleball courts. This affects the local wildlife and neighbors alike. Please don't add MORE concrete.	4/27/2026 6:04 PM
393	Consider not building anything.	4/27/2026 5:28 PM

394	Remove the bumps and skinny hill at Tucker Green Space- build Water play space and play spaces - sand, climbing	4/27/2026 5:23 PM
395	Leave the trees alone.	4/27/2026 5:07 PM
396	Erosion control in the dog park. When you scrape a hillside of all its natural ground cover, erosion will continue to be a problem. Eventually all the trees will be lost.	4/27/2026 4:50 PM
397	Off leash dogs have been a huge problem in the past. They got better when yall started enforcing the laws and put in the dog park. I don't know how to better enforce it, but it would be nice if people on the trials would keep their dogs on leashes.	4/27/2026 4:44 PM
398	Safety- I live on the west side of the park and wildlife path doesn't feel safe during non-peak times. People use the woods there to smoke weed and I've seen multiple reports of a man exposing himself to women on the path.	4/27/2026 4:40 PM
399	Keep as much natural as possible	4/27/2026 4:31 PM
400	Shade and community areas	4/27/2026 4:27 PM
401	Are there should be some nice swings like they have it Piedmont Lake	4/27/2026 4:26 PM
402	I think adding pavilions, meeting spaces, event spaces is a great idea! Focus on a way to make it feel tied to nature instead of a traditional building?	4/27/2026 3:43 PM
403	I haven't been back to the park due to off leash dogs and having a dog that is leash reactive, exacerbated by off leash dogs approaching her when she's on leash. This has been a continuous problem and leash law enforcement has to happen before I'll consider returning.	4/27/2026 3:31 PM
404	Upgrade/provide additional restrooms and ADA access to the current soccer fields.	4/27/2026 3:06 PM
405	Safety, lighting, and way finding	4/27/2026 3:03 PM
406	expand tennis courts since people are often waiting for courts	4/27/2026 1:52 PM
407	Shade for play areas built into playground designs	4/27/2026 1:39 PM
408	Adding small play structures for children and community gathering space with restrooms not porta potties	4/27/2026 1:30 PM
409	Maybe a cafe or restaurant there. It would bring a lot of people especially if open on weekends	4/27/2026 1:27 PM
410	Protecting privacy, traffic volume, and noise levels for homeowners near the park	4/27/2026 1:16 PM
411	no new recreation center or buildings.	4/27/2026 1:14 PM
412	An official sand volleyball court(s) that are easily adjustable between men's and women's heights	4/27/2026 1:13 PM
413	Protect pollinators. Our survival depends on their survival.	4/27/2026 1:11 PM
414	Make the existing playground area larger and have better greenspace.	4/27/2026 1:08 PM
415	Parking during TYSA games is a hazard to anyone driving, walking in or around the upper and lower lots. Neighborhoods are severely impacted.	4/27/2026 12:50 PM
416	How to more quickly connect Henderson Park to the trail network the city is planning.	4/27/2026 12:49 PM
417	More waste cans and dog poop bag dispensers are the only additions the park needs.	4/27/2026 12:23 PM
418	relocate soccer to a more appropriate park where it can expand	4/27/2026 12:12 PM
419	Trails that support mountain biking as well as hiking. Mountain biking is a huge sport that draws many people to an area if there are mtb trails. We have the space, room and topography to make some great trails that will draw people from all over the state to spend money in our town.	4/27/2026 11:58 AM
420	Focus on how to improve what the park offers to the public. Balance sustainability of the nature with enhanced amenities and experience.	4/27/2026 11:54 AM
421	Prioritize completing the dam restoration and lakebed cleanup. Provide some level of police patrol to minimize parking lot drug deals and other nefarious activities.	4/27/2026 11:35 AM

Henderson Park Master Plan Community Survey

422	We love the park and love living within walking distance. As it's essentially our backyard, please keep as much of it as-is and improve what's already there.	4/27/2026 11:26 AM
423	Quit finding new ways to spend our money. Make the folk who own businesses on L'Ville Hwy and La Vista (thinking Folks here, or the blight that is Cowan), clean up their nasty properties. That would be a major amenity that does not include an increased tax bill.	4/27/2026 11:03 AM
424	We just want better playgrounds where all kids can play independently.	4/27/2026 8:50 AM
425	-Improve playground structures, -add splash pad, -add a putt putt golf -Make sure there is shade structure over the playground areas & plenty of seating for parents. -Clean Restrooms close by for the families with diaper changing tables -trash receptacles	4/27/2026 8:43 AM
426	Stop with the pickleball courts. Just stop. The negative feedback about the pickball courts outweighs the supportive feedback, at least that's how it seems during public comment. I don't live around the park, but I am concerned about noise for the neighbors who do.	4/27/2026 8:36 AM
427	Plan to add two areas one at the lake with a shelter outdoor classroom for camps with restrooms and a small recreation building closer to the soccer field and tennis\pickle ball area. Similar to Cauley creek park.	4/27/2026 8:00 AM
428	Dedicated Pickleball Courts	4/27/2026 7:40 AM
429	Do not increase traffic within the neighborhoods, minimize entry points.	4/27/2026 5:29 AM
430	Opportunities to educate the community, especially children, about the value of everything in the natural world.	4/27/2026 12:05 AM
431	Ot would be good to open the soccer fields for public use when not used by TYSA.	4/26/2026 11:27 PM
432	N	4/26/2026 9:33 PM
433	An extensive indoor rec center	4/26/2026 9:16 PM
434	Henderson park is a gem in itself. The fields provide a wonderful facility for club and rec soccer and are useful for other activities, as well. There has been great uptake with the pickleball / tennis courts. I really enjoy the hiking available so close to home. It is a great way to get away from the hustle of the big city and just clear your head. The trails do need some TLC to reduce erosion - particularly along the trail that borders the lake on the far side from stair to deck, and the older scout bridge there. The areas around the lake provide options for those who want to sit by the lake and take it in. Thus, my suggestion to improve the area from the dam to the deck by the playground area, to allow for more casual walking, playing, sitting along the lake, while still preserving the natural areas of the rest of the park. I also believe there can be accessible areas that allow for reasonable access to playgrounds, lakefront, wheel-able walkways, etc so many can enjoy the park in some way.	4/26/2026 8:40 PM
435	Disc golf.	4/26/2026 6:55 PM
436	Thre is no suitable dog park in our area. We desperately need to enlarge ours and make it a pleasant experience. Now dog owners hate to enter.	4/26/2026 5:18 PM
437	Thanks for engaging the community!	4/26/2026 5:04 PM
438	Please no new buildings	4/26/2026 4:36 PM
439	Picnic spots/pavillian(s) near the lake. Improve safe access to crossing the waterfall, to follow the trail around to the other side. Maybe a beautiful place to sit and relax in the area, to listen to the water falling over the rocks...	4/26/2026 4:10 PM
440	Altering Henderson Park to make it more of a "destination" than it already is defies logic. One has only to show up during soccer weekends to see that street access and parking is already inadequate. Adding parking won't solve the issue of traffic congestion.	4/26/2026 2:36 PM
441	Please don't wasted money on structures of metal and plastic! Encourage nature. Make it a place of education for children in the out of doors.	4/26/2026 1:58 PM
442	Ticket off leash dog owners outside of dog park.	4/26/2026 1:55 PM
443	Try to find a way to get people to keep their dogs on leash on the trails.	4/26/2026 1:46 PM
444	More police patrols, cameras and increased lighting in the parking areas and playing fields.	4/26/2026 1:09 PM

445	No more pickleball courts. Assess the health of trees especially park trees in proximity to our homes, such as mine. I will once again report trees that still haven't been removed in years.	4/26/2026 1:07 PM
446	Bathrooms at the lake area please!	4/26/2026 11:17 AM
447	Look at current building or structures that can be converted and utilized by the community. Is there not a location that could accommodate indoor pickleball or community center activities.	4/26/2026 11:05 AM
448	Do NOT cut a single tree!	4/26/2026 10:20 AM
449	Keep it natural!! We love our neighborhood park.	4/26/2026 9:58 AM
450	The park is a wonderful amenity that needs to be maintained. Adding amenities when the current amenities are not adequately maintained makes no sense.	4/26/2026 9:51 AM
451	picnic areas	4/26/2026 9:39 AM
452	We DO NOT need more pickleball courts	4/26/2026 7:51 AM
453	Please leave the trails as they are. The little pocket of nature is what makes it so valuable to Tucker	4/26/2026 7:06 AM
454	Close soccer fields.	4/25/2026 6:07 PM
455	painting parking space lines in the lots, get pickleball out of there, keeping the park clean. Leave the park in a wild and natural state-that's why it's so enjoyable.	4/25/2026 4:51 PM
456	Honestly, I like the park as-is. I don't think anything more needs to be done, other than a pedestrian crossing light at the Henderson Road entrance.	4/25/2026 1:40 PM
457	Keep noise down	4/25/2026 1:25 PM
458	If improvements are made, please consider a compartmentalized approach so portions of the park can be preserved and used throughout the process. This park saved my mental health during COVID and has continues to do so on a daily basis.	4/25/2026 10:52 AM
459	N/A	4/25/2026 10:45 AM
460	Nature	4/25/2026 9:48 AM
461	Don't lose sight of the fact that there are many other parks and places in and around Tucker to do the other activities being considered. Henderson Park doesn't need to be everything to everyone, as that will make it lose its specialness as evident when visiting the park today. Again, keep it simple.	4/25/2026 9:00 AM
462	A full size basketball court would be great!	4/25/2026 8:53 AM
463	Build an Arts Center!	4/25/2026 8:17 AM
464	Please don't bring in lots of traffic and noise.	4/25/2026 3:13 AM
465	Have you heard the public uproar yet? If not, you have not made your plans visible to the public. Listen to us: We want quiet natural spots, absolutely not more "commercial" spots.	4/24/2026 10:43 PM
466	Trail maintenance so those of us over 65 can walk in the woods!	4/24/2026 10:34 PM
467	Henderson Park is literally (not figuratively) the reason I purchased my home two years ago. It's a treasure in an ongoing fight against urban sprawl and the paving over of green space.	4/24/2026 10:20 PM
468	The neighborhood- we do not need developments in the park, which will drive wildlife into the neighborhoods.	4/24/2026 9:39 PM
469	More education for the public about the ecological importance of the park, especially for kids. A partnership with local schools for community service by the kids would be useful.	4/24/2026 7:55 PM
470	Why you did not capitalize City when referring to it as a proper noun. This is Sonja, bee tee dubs.	4/24/2026 4:33 PM

Q18 Do you have a favorite park(s) (regionally/nationally) that you think would be good for the city to study as part of the Henderson Park Master Plan process? If so, please provide the name(s) and location(s). (Optional short answer)

183	Kenneth Hahn Park - Los Angeles. It's not a perfect comparison, but I do love the way there is a nice balance of community gathering spaces, nature trails, and public structures. I find the park to be a little too busy sometimes where they have a hard time keeping up with trash and bathrooms and such. I also enjoy the natural elements of Stone Mountain, but I have a very strong dislike of it's attractions. 197	In terms of playground equipment variety, we love Peachtree Corners. It allows kids from toddler ages to teens enjoy outdoor play. I personally have always loved Henderson Park for the expansive trails and the wildlife we see there (from owls, turtles, and pileated woodpeckers to deer and foxes, these are what make my neighborhood park extra special to me). Supporting habitat for these native animals should be prioritized within the Henderson Park Master Plan.	5/6/2026 10:19 AM

208	Rather than focus largely on building new structures, which is typically expensive, much work can be done to improve the park's natural resources and user experiences through less expensive improvements -- such as mulching trails to prevent erosion and root damage and for better walking experience, carefully removing invasive species, and some educational signage. Active recreation facilities already serve residents, while true nature experiences are much harder to find, and should be preserved to improve the quality of life for urban/suburban residents.	5/5/2026 11:24 PM

We have none those in tucker. Brookrun park love love their creek like water play structure. Absolutely cool would be to have a creek to play in but it has cave like underpass that has little rain waterfall(Disney had this at Epcot). It would make Henderson unique to other water play areas in other parks.	4/27/2026 9:44 PM

1	trails	5/22/2026 9:16 PM
2	Lawn close to play structures	5/22/2026 4:17 PM
3	The pickleball courts	5/22/2026 2:21 PM
4	There is plenty of River access but with minimal development	5/22/2026 2:00 PM
5	The woods. The trails. The quiet in nature.	5/22/2026 10:14 AM
6	Although Henderson doesn't currently have a Nature Center, perhaps a partnership could eventually be developed to create one, securing the health and safety of the park.	5/22/2026 8:34 AM
7	I loved the playground near lake Erin. The playground near the community garden isn't very functional for a toddler.	5/22/2026 8:08 AM
8	Beautiful paved trails, the landscaping is top notch. Always clean and safe. They have excellent lighting around the park. They use all of their areas perfectly, from the soccer fields, dog park, playground, and other areas. I really hope Tucker can take a play from their book. It would be so nice to not have to drive to another town to enjoy the park.	5/22/2026 8:01 AM
9	The playground in front of the lake was so special when my kids were little and I would love to see that amenity remain for other Tucker children. We also love the walking trails around the lake.	5/22/2026 7:50 AM
10	the waterfall - it's a local gem!	5/22/2026 7:44 AM
11	I love that the sports areas are kept together and accessible by the parking. I love that the community garden is placed by the pollinator trail and the playground, allowing children to interact with agriculture and natural processes. I love the many trails throughout the park itself and often go specifically because I can walk on the ground/dirt (softer on the feet and more connective to nature). I liked seeing people fish at the lake and want them to be able to do that again. I like the lake front as natural as possible because everything else around us is so stylized and designed.	5/21/2026 5:38 PM
12	The trails, the boardwalk (it reminds me of monopoly), and the lake (even if I can only see like a single turtle on a rogue log).	5/21/2026 2:52 PM
13	Trails to take walks on, not only for exercise, but for serenity and dog walking.	5/21/2026 2:02 PM

16	Nature nature nature	5/21/2026 8:57 AM
17	Many creative fun kid options!	5/20/2026 10:10 PM
18	We love the waterfall. Our young kids enjoy playing there often. The hiking trails help you feel like you are outside of the city and really get to disconnect. Better defined loops for hiking, trail running, or dog walkers could attract more usage. Our kids loved the playground at the Lake, but I could see a lot of improvement opportunities.	5/20/2026 2:45 PM
19	Lake/fishing; extensive trails w/ varied topography & natural sights (waterfall); top tier playgrounds (formerly)	5/20/2026 11:01 AM
20	Nature provides stress relief from traffic and noise of our world.	5/20/2026 8:27 AM

22	The onsite food option is great, but may not be practical for Henderson. At Lilburn Park there are multiple amenities to chose from. The big open field allows people to play without having to be part of an organized sports program. The playground is huge. The splash pad and playground being in different parts of the park allow for less crowding in one area, it spreads everyone out.	5/19/2026 1:07 PM
23	I can get deep into nature, and it does not feel like I am in the city. Bird watching. Being a part of a community garden.	5/19/2026 11:57 AM
24	I like the amount of things my kids can do at those parks - they love the playgrounds and the splash pads and the variety of activities.	5/19/2026 11:13 AM

27	I love the open field, and available restaurant, at Lilburn City Park in Lilburn, and Piedmont Park in Atlanta. I really like the splash pad at Centennial Park because it incorporates the city's history.	5/19/2026 9:07 AM
28	I like the mix of activities, green space, and parking in multiple areas.	5/18/2026 7:51 PM

31	Splash pad and playground	5/18/2026 11:17 AM
32	brook run has excellent shaded playground area. lucky shoals has thoughtful pavilion areas with a bathroom in the middle, very appealing for rentals and gatherings. henderson has none of those things.	5/18/2026 10:35 AM
33	the trails.	5/18/2026 10:13 AM
34	I love the trails and especially love that they are mostly shaded by trees, this makes a huge difference in the summer. I also like that they aren't paved/a boardwalk, because I feel more connected to the trail and it's easier for me to change directions if needed. I like the locations and orientations of the trails as they are. Two concerns: some of the higher trails right next to Lake Erin are experiencing erosion that makes the trail less safe, so a boardwalk might be feasible for certain sections. Another thing I have noticed is there are some trails that have A LOT of poison ivy right up against the trail. This is a native plant that does have a place in the ecosystem, but the amount of it that is extremely close to where people/animals walk gives me pause.	5/18/2026 9:43 AM
35	Help me find that dang waterfall!	5/18/2026 9:29 AM
36	All the various options for all ages	5/18/2026 8:55 AM
37	It is easily accessible for all kinds of people with disabilities, it has great equipment and water features for children, and has nice running trails for adults.	5/18/2026 8:29 AM
38	Many fun trails, the lovely lake, pure nature	5/18/2026 8:29 AM
39	The turf is great for soccer and love the multi level playground - shade covers are a must here in Georgia though.	5/18/2026 6:13 AM
40	Natural walking trails and great playgrounds	5/17/2026 7:42 PM
41	Zip line is my favorite! I like the nature trail but it's not really for bicycling.	5/17/2026 6:57 PM
42	I mentioned it above. keep it clean, organic, blend it in with the landscape, etc.	5/17/2026 4:53 PM
43	I think I made it clear I love the park as it is. Possible security at night would be an improvement.	5/17/2026 3:48 PM

127	I would like the city to improve existing features and areas but not build any more, and do its best to maintain the open, raw nature of the park. I reguarly trail run while my sons have practice and it's incredible to see so many deer, rabbits, owls and hawks along the way. There are few spaces where nature is accessible and open and it's a true value-add and differentiator for Tucker that Henderson Park is not over-developed.	5/13/2026 3:54 PM

The Community Garden — I recently walked through this part of the park and was very impressed with the upkeep of it and how well people's plots were doing. There are several people who I meet who have handicapped children...these 'silent' visitors are seeking a place of no judgement, of relaxation and in some instances a release from the daily stress of 24/7 care of children in this condition. One person in particular, always stops, asks to pet my dog...and this young teen, gifts me acorn, a rock or something that has caught her eye...this is a gift that makes my day...when I see a loose dog I address it to the owners who are rude and could care less, I tell them there is a child or elderly person navigating the area and their animals create a risk for them..they tell me to mind my own vist or "F" off....that is your challenge, entitlement with no compassion, empathy , just self-centeredness.	5/2/2026 12:53 PM

310	Waterfall, lake trail	5/1/2026 9:04 AM
311	Love the trail walk it almost daily it's the best in town hike around Atlanta. The waterfall and the pathways over water are great and being able to walk along the lake is so peaceful. There are so maybe multi use parks around the area. Please don't change the hiking paths or tear down the woods.	5/1/2026 8:56 AM

315	Greenway, family biking, playground is fun, close to library, good for parties	4/30/2026 7:26 PM
316	The peaceful walking to the waterfall is my favorite park visit, along with the paved walkways which I wish were extended for added walking (could even just wrap around the soccer fields) As a senior sometimes I don't feel comfortable hitting the trail alone (dusk, questionable weather) so prefer the option to walk the paved paths. When kids were younger we loved the playground area by the lake.	4/30/2026 5:17 PM

322	The nature playground at Westmoreland is mindblowing. We visited once years ago and I think about it all the time. I love how Dunwoody has connected their buildings into the hills and canopy, and built walkways and overlooks that connect paths without disrupting waterways and wetlands.	4/30/2026 11:56 AM
323	Nice bathrooms. City bathrooms like the one in Suwanee have A/C. Ample parking. Well-maintained trails. Nice play structures for children.	4/30/2026 11:44 AM

328	Wooded trails for walking	4/30/2026 8:57 AM
329	They are still very wild. We are losing our wild, untamed spaces and Atlanta is unique in offering so many pockets of natural beauty. Please don't take that away from Tucker. Henderson Park is one of the city's biggest assets.	4/30/2026 8:49 AM
330	The trails and the people (and dogs) I meet on them. People come from all over the metro area on weekends, and they're blown away by our little slice of nature.	4/30/2026 8:44 AM

343	Trails	4/30/2026 2:22 AM
344	Shelby Farms Park is worth studying as a benchmark. It is one of the largest urban parks in the country and does an exceptional job balancing active recreation, natural open space, lake access, trails, and broad public accessibility - all within a single cohesive park experience. The way Shelby Farms unified a large, fragmented landscape into something welcoming for a wide range of users offers lessons that could directly inform Henderson Park's master plan. Beyond the physical park, their website is also worth noting. It is beautifully designed, easy to navigate, and does an outstanding job communicating the park's identity, amenities, and programming to the public. A comparable digital presence for Henderson Park would go a long way in elevating community awareness and pride.	4/30/2026 1:46 AM
345	The playground and the grassy hill in front of the lake. Love that kids can seamlessly move from the playground to nature. Watching the lake from the swings is awesome. Love the Halloween "Haunted Trail" event that TRC puts on.	4/30/2026 1:46 AM
346	It has amazing trails of varies degrees of exertion, a lake, creeks, native plants, fishing, nature programs and more. While also balancing commercial things in the mix, not that I do them, but they have figured out how to do the balancing act. They also have a very active volunteer group which helps. I have volunteered there for 30 years.	4/30/2026 12:23 AM

357	The size of the park should provide more for a greater number of Tucker citizens (not just others from outside of Tucker participating in the recreational programs). Focus should be improving quality of life for all in Tucker.	4/29/2026 6:59 PM

370	I like how it is sprawling and feels untampered with by man made designs for the most part. Basic upkeep and renovations to the structures already in place are fine but please do not provide additional construction of features the local community does NOT want. We want nature to be preserved as it is right now. Thank you.	4/29/2026 4:30 PM
371	Best elements are the natural beauty and that it's quiet.	4/29/2026 4:28 PM

379	Brooke run Park is connected to the Dunwoody Trail system that is being expanded. They've taken some bare areas and have filled them in with native shrubs and trees. Nice path along the forest and winds around and then out by the ballfields. Community Garden. War memorial. Playgrounds, dog run, tons of nice bathrooms and water, fountains, and amphitheater and tons of parking. Although I see Henderson Park is closer in amenity features and size and lake to Murphy Candler Park.	4/29/2026 12:45 PM
